

SHAN YOMA TRAVEL & TOURS COMPANY LIMITED

Your Best Travel Contact In Myanmar!

Mingalarbar ! Warmest Greetings from Shan Yoma Travel & Tours.

We hope all of you and your families are safe and by staying home stopped the spreading of this pandemic infection. Myanmar is in its 9th week of lock down period and most of the offices are being closed and waiting the announcement of lifting lock down period. The first recorded cases of the novel corona virus (COVID-19) in Myanmar on 23 March 2020, the Myanmar Government has responded with the issuance of several notifications and guidelines as part of efforts to prevent an outbreak of COVID-19 in the country. Currently, Myanmar has reported 203 cases of Covid-19 and among them 122 have recovered, with 6 deaths so far. Compared to high out breaks in other countries, Myanmar is still very safe to travel. To support the preventive measures taken by the Government and Ministry of Health and Sports, our Shan Yoma Team follow the instructions like Social distancing, Hand washing, Covering Masks etc, and all the employees are now working from home. It was a drastic transition when we first started working from home but now the team has got used to it. Due to COVID 19, Travel Business is standstill and many are facing jobless which in turns impacting on individual economic and social matters. We hope that one day the Virus will be controlled by means of medicine or any other things which will bring the people back to their the happy and prosperous life.

Why Myanmar is the choice of country in Post COVID Period?

- Professional Preventive measures and least infected country
- Nature Based Destinations where you can enjoy the essence of nature.
- Eco Lodge, Expert Guides, A bunch of products for those who want to enjoy the authenticity of Myanmar and many more.

Plan your trip to a Country which is safe and secure for you and travel in the future.

With best regards,
Shan Yoma Travel and Tours
